

Just a Word or Two

You are probably going to buy a new suit of clothes. Big, black type with all sorts of claims stare you in the face—just a word. Go to any or all of the other stores and scan their clothing and prices carefully. Before you make up your mind, we request that you drop in here and let us show you what your money can do.

We Will Save You Dollars

We know exactly what can be done in selling clothing, and if we can't save you money on every suit you buy, we don't ask your trade. We know what others are offering. We know ours are the best. The seams are sewn with silk, the goods are sponged and shrunk before cutting, patterns are stylish and you can depend on the wearing qualities of the cloth.

The policeman, according to his own statement, was six feet eight inches in height and weighed in his best condition between one hundred and ninety-two pounds and two hundred pounds. Bange fell into a pleasant conversation with the giant, in the course of which he complimented him on his great size, which he said he supposed must be

Logical and Sensible Speech on
Hon. John Costigan's Home

The following speech was delivered
by Mr. E. Uss Porter, M.P., for West
Hampshire, on the Home Rule resolu-
tion, introduced by Hon. John Costigan.

Everyone all has been told on this
subject that we can be safely intro-
duced to the House, and I venture to
think that more has already been
said in favor of this resolution than
will be of profit to Canada. At the
same time, I am sure that it will be
of much use to the British people.

It is not my duty to say that it
is not a good thing to have a
union, but it is not a good thing to
have a union which is not a union.

It is not my duty to say that it
is not a good thing to have a union,
but it is not a good thing to have a

Kidney Trouble and Lumbago.

THIRTY YEARS OF BACKACHE AND RHEUMATISM - WESTERN SEASON'S SPECIAL! SEVERE ATTRIBUTES CURE TO

Dr. Chase's Kidney-Liver Pills

This spring of the year is especially trying on the kidneys, people get cold and catch cold more in the cold and changeable weather than the kidneys get out of order. The most common trouble is lumbago, which is a pain in the back, and is often accompanied by rheumatism, urinary and bowel troubles, and is often accompanied by rheumatism, urinary and bowel troubles.

Dr. Chase's Kidney-Liver Pills are particularly suited to the needs of people of advanced age. They purify and invigorate the liver, kidneys and bowels, and give relief to the most ordinary medicinal ailment. This letter from Dr. Robert Chase, of New York, will show you that this treatment is as successful as any other.

"In the spring of 1902 I began suffering from lumbago, which is a pain in the back, and is often accompanied by rheumatism, urinary and bowel troubles, and is often accompanied by rheumatism, urinary and bowel troubles."

Dr. Robert Chase, of New York, will show you that this treatment is as successful as any other.

Mr. McPherson assented to the opening of the package, although the proceedings were about to be taken by the opposing counsel to compel such a production as would enable them to take note of what the envelope contained. Mr. Johnston had his motion ready, when a letter was received from Mr. McPherson, agreeing to the opening of the package.

The examination of the documents contained therein was conducted behind closed doors.

Asked as to what the envelope contained, Mr. Johnston answered that there was no verbatim report of the conversation in the Crossin piano factory. There was merely a synopsis of the conversation, but it contained very little more than the statement given by Mr. Gamey in the Legislature. THE BIG FIGHT ON ONCE

Formal Trial of Hon. James Strutton and Other Ministers.

Several Commissioners in Sydney Court will be Plunged into Trial From Immediate Release.

Formal Trial of Hon. James Strutton and Other Ministers.

Toronto, April 12.—Canada's history-making trial will open at the City Hall today. The 24th of the Commission is likely to be played almost instantly into the hands of the whole nation by the position of the Government counsel concluding that the charge is too broad and too vague to be held as an issue in a formal manner. It is known that Senator Connel Johnson has indicated that he would make this contention.

Opening the case Chancellor, Sir John, and Chief Justice Taiton have arrived in the city.

On Monday was P. W. Whitely, head of the Opposition. He has come up from Montreal to watch the investigation. Mr. Whitely is probably here all week. Asked if he would be a witness, Mr. Whitely replied that he was not yet subpoenaed, but would be called on to testify.

The most important feature of the trial is the publication of the evidence of the Crown's case. The plan is to have the Crown's case published in the Toronto Globe.

THE TWO EXTREMES

About the time children begin to go to school they are likely to be confronted with one of two extremes—they may either grow too fast or not grow fast enough. In the former case nature makes unusual demands upon bone and blood; vital organs are overtaxed and growth continues out of proportion to their age. Here is where Scott's Emulsion finds scope for its best workings.

It nourishes the bones—the hypophosphites of lime and soda does this; it feeds and enriches the blood—this through the pure cod liver oil; it strengthens the whole system, providing for healthy flesh and fortifying the tissues so that they are better able to stand the extra strain upon them.

When a child is not growing as it should—under-size, underweight, there will be found in Scott's Emulsion the very elements needed to aid in proper development.

Bone food for the bones, blood food for the blood, tissue food for the tissues—that is how Scott's Emulsion provides for each demand of the body.

We'll send you a sample free upon request.

MR. BORDEN AGAINST CORRUPTION.

[illegible]

TIMELY TOPICS

Mr. Lancaster was informed by Mr. Proveniente, Minister of Marine and Fisheries, the other day in the House of Commons, that in November '05 of last year exclusive fishing rights were granted to Mr. Archibald McNea, of Windsor, for a considerable portion of James' Bay. The lease is for 21 years, and the rental \$10 per annum. The lease was transferred a few days later but the Minister declined to say to whom.

What think our readers of that transaction? Mr. Trevelyan "exclusive right to fish in certain portions of Japan's Bay for herring," he not a typical bourgeois? Mr. McNee. It would be interesting to hear what the "ranks off" was in this transaction. Perhaps Mr. Trevelyan would tell.

An English speaker related this anecdote to an audience of theatrical employees: Mr. Gladstone, while Mr. Beaumont Newhall was introducing to him hardly knew when the topic to converse with him but at length asked Mr. Trevelyan's opinion as to the politics of the stage, whether it was a rule Liberal or Conservative. "Well, sir," replied Mr. Trevelyan, "it is a rule Liberal or Conservative."

- I really have not studied the question, but I should think the actors are mostly Conservative."

**Dr Shoop's
Rheumatic Cure**
Costs Nothing If It Fails.
Any honest person who suffers from Rheumatism is welcome to this offer. I am a specialist in Rheumatism and have treated more cases than any other physician, I think. For 21 years I made 2,000 experiments with different drugs, testing all known remedies, while searching the world

I don't mean that it can turn bone joints into flesh again; but it can

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles of Dr. Sheep's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.50. If it fails, I will pay the druggist myself—and your mere word shall decide.

I mean that exactly. If you say the results are not what I claim, don't expect a penny from you. I can send you some literature, but I accept that can affect chronic rheumatism must be dropped to the verge of danger. I use no book drugs, and it is folly to take them. You must get the disease out of the blood. My remedy does that even in the most difficult, obstinate cases. I have cured the oldest case that I ever met. And in all my experience I have only 2,000 tests. I never found a case of chronic rheumatism, or chronic case in fact.

(Write me and I will send you the order. Try my remedy for a month and it can't harm you anyway. If failed, I'll refund.)

Address: Dr. Shoop, Box 80, Reading, Wis. Mild cases, not chronic, are often cured by one or two bottles. All druggists.

"Dear Sir," replied Mr. Glasgow, "I would like to have any exception to that rule!" "O yes, I should say," replied Mr. Free, "the women shifters are radicals to a man!"

A few days ago the Toronto Globe's Ottawa correspondent informed the readers of that Journal that (when Mr. Fielding suggested a "Joint committee of both parties to con-

where an device meant of which porportion at elections could be checked, the proposition was not favorably received by the Opposition. On the 5th inst, not many days after the Globe's statement, the Premier announced the intention of the Government to appoint a commission, as Mr. Fielding's suggestion had met the approval of the Opposition, to consider the best means to get rid of the electoral abuses and corruption which exist in Canada. The correspondent of the Globe should have an understanding with the Premier not to contradict him when he lies in the interest of the party.

The council for the accused Ontario Minister said his clients were not in a position to HAND OVER ALL THE DOCUMENTS IN THEIR POSSESSION; in fact he stated that some documents COULD NOT BE FOUND. (This gives fuel to the suspicion that there has been more "accidental" burnings in the Legislative buildings at Toronto. It would be convenient for Stratton and his clients to lose incriminating papers. A lighter match would be better.)

Is it wise to divide a congregation into two hostile camps "on things indifferent?"—*Hamilton Times*.
This is the only wise saying that emanated from the brain of the Times during the past decade.

Little Alice always said her prayers regularly before going to bed. One night, however, she was seated at her head on the pillow she remarked, in a questioning way:

"Mamma, my prayers are so much longer than the ones nurse says in the morning. Can't I say hers when I'm tired?"

"Does the nurse pray in the morning?" asked the mother, with a pensive look.

"Yes," said Alice, sweetly. "She says, 'O Lord, have I got to get up!'"

The best evidence that the principle of protection is growing in England is the action of the War Office in refusing to allow Canadian beef to be "included in army meat contracts" when Sir Gilbert Parkes asked the Secretary of State for War to permit Canadian beef to be included in army meat contracts. In reply, Mr. Brodribb said, "that the question had been carefully considered, but, as it would be a detriment to the home producer, the request must be refused." Could any protectionist present a stronger argument in favor of protection? Yes, if you tell these gentlemen they are protectionists they repeat it.

The *London Gazette*, commencing with the signature of Mr. John Oustagan, Irish Home Rule resolution by the Canadian House of Commons, considers the step as "unwise and unkind to the interests of Ireland at the present time." It says that "Mr. Gladstone snubbed a previous Canadian Parliament, and that, in this case, Mr. Chamberlain will make a simply a polite acknowledgment." If Mr. Chamberlain were to politely intimate to the Dominion House of Commons that "mankind's their own business" would be better appreciated, he would only do his duty.

It is notable that the bulls of both the Shamrock and Reliance look like Easter hals, reversed, without any trimming.

A Kingston party is travelling in the Holy Land, and the Whig is publishing some interesting letters from them. It is related in one of the letters that the party, "rested at the Apostles' fountain, and the inn of the Good Samaritans," bulletin the very spot where, the saviour of the man who had fallen among thieves

These sound ep- ithisms, sent it! Most of us thought the story of the Good Samaritan was simply an allegory or parable. And it remains for Kingston people to enlighten our ignorance! This reminds one of Mark Twain's story of his visit to Jerusalem. He was shown some stones by his guide, and told that they were the ones which had cried out in honor of the Saviour. "But," said Mr. Dealin, "the Bible does not say the stones did cry out; it says they would have cried out." The guide smiled blandly. "These stones," he said, "are like ones that would have cried out."

Mr. Martin brought up the case

After an all-day debate, the

House adjourned. Mr. Oliver was

The debate developed the fact that

the Government is anxious to go

Boys' Spring Suits.

MORE NEW ONES ARE HERE.

New arrivals are a daily occurrence with this store now.

The past week has brought some splendid additions to our stock of Boys' Suits—this week will bring more.

If we were not so particular and so anxious to secure better clothes for the boys than have ever before worn the Quick & Robertson label—in other words—if we'd been satisfied with the regular stock all the makers carry, and not insisted on clothes made especially for us and up to our standard, all the new ones would have been here several weeks ago.

And to the new ones are coming—built a little different than the ordinary sort—better in every way than you've found them before. The Quick & Robertson Quality must be unsatisfactory.

The "Lion" Brand of Boys' Knickers.

School boys sit down often and hard. No matter what a boy does, he does it with a struggle. That's why we keep talking about "strength" and "quality" whenever we talk about Boys' Knickers. There must be good knicker stuff under the boy if they are to last long. The "Lion" brand fills the bill—cloth tested for toughness—all seams double stitched—double knees and seat. See these goods—they will tell the story better than we can.

GAMEY BRIBERY INVESTIGATION

The Accuser Begins to Show Effects of Severe Nervous Strain.

Says Stratton Told Him Numbers of the Bills He Owed.

Frank Sullivan's Alleged Offer Concerning West Egin Ballots.

(Special to The Intelligencer.)

Typical April 14th, 1903. Gamey explanation. Mr. Gamey this morning added a new chapter, namely, that on the afternoon when he gave the letter to the Gamey reporter and received the \$1000, Stratton told him he would get \$1000 after the first vote in the room.

Mr. Gamey begins to show the nervous strain upon which his evidence is being given.

In an evidence this morning Mr. Gamey said that Stratton told him the amount of the bill which he (Gamey) would get from Stratton that afternoon, and Stratton said distinctly to him he would get another \$1000 after the first vote.

The event in the Oregon House Committee was given over in detail, and Gamey incidentally said that Frank Sullivan had said to him that for \$2000 he would tell who burnt the West Egin ballots. Gamey had said that he would not do that.

The cross examination continued about five minutes to one.

Leaving Things Undone.

"He left nothing undone."—John.

15.

That is more than can be said of most people. The best of us are apt to leave many things undone. In our formula of confusion we are accustomed to say "I will do this." We think of things which we ought not to do, and we leave them undone. We have many things which we ought not to do, and we leave them undone. We have many things which we ought not to do, and we leave them undone.

Very much of our Lord's teaching refers to sin of not doing. The command with the one talent was condemned, not because he had not used it in any way, but because he did not use it at all.

The priest and the Levite did the wounded man no injury. They probably even felt kindly towards him, and expressed sympathy with him. Yet the story reads as if they had shied at him. They were not good men, but they were not bad men. They were not good men, but they were not bad men. They were not good men, but they were not bad men.

In our Lord's description of the judgment there on the left hand are condemned not for evil things which they had done, but for the neglect of love's duties. "I was a hungry, and ye gave me no meat; I was thirsty, and ye gave me no drink; I was a stranger, and ye gave me no place; I was naked, and ye gave me no clothing; I was cold, and ye gave me no warming; I was weary, and ye gave me no rest; I was in prison, and ye visited me not; I was in prison, and ye visited me not; I was in prison, and ye visited me not."

It is in this way that many people feel most seriously. No grave fault can be found with them. They are upright, true, diligent in business, but they are not good. They are not good, but they are not bad. They are not good, but they are not bad. They are not good, but they are not bad.

"He left nothing undone." Many of the best of us leave many things undone. We have many things which we ought not to do, and we leave them undone. We have many things which we ought not to do, and we leave them undone. We have many things which we ought not to do, and we leave them undone.

Imitation Foot "Comfort"

The Goodyear welt process of shoe-making is the most perfect—and expensive—in the world.

But fakes accrue—and justly—by the inventors and patentees of this wonder in mechanics.

Erge, it pays to imitate the Goodyear welt process, except the royalties and get the best of the shoe which have the lumps, stitches and discomforts of every other process under your foot.

And these imitations are so deceitful that shoe experts are often deceived.

How then, are you to know when you get a real Goodyear welt shoe after paying for it? Buy the "Star Shoe." It is made only by the Goodyear welt process—in the factory in Canada that has made nothing but Goodyear welt shoes for six years.

Well Trimmed Clothing

The trimming of clothing has much to do with its success or failure in the eyes of careful dressers. The money the manufacturer saves by cheapening the trimming of his clothing is not to the interest of the wearer. The best trimmed ready-made clothing in Canada is Sanford's of Hamilton, which is sold in Belleville exclusively by ourselves. In this, as in all other respects, it is like first-class made to measure. But it costs only half as much, and this recommends it to men who want to be economical, as well as fashionably attired.

Times Have Changed

Not many years ago a ready-made suit could be distinguished from one made-to-measure. "A mile off." But brains and money can do wonders, and to-day we can show you a suit all ready to put on, at \$10 that would credit to the best merchant tailor in town. It bears the label of W. E. Sanford Co., whose garments have a reputation the country over for high quality and correct style. No man who desires to dress well at a moderate expense should refuse to consider the claims of "Sanford" clothing.

A Montreal man has presented his husband with a wig. Most have a wig, but this is a wig of a different kind. It is a wig of a different kind, and it is a wig of a different kind.

The proposition to have the Gordon Highwaymen held here on Dominion Day certainly looks like a good thing. Not only would the band give an excellent attraction for the day, but there would be a reasonable certainty of a dividend. With our own Fitzgibbon and two visiting regiments in the city, it is clear that there ought to be quite a grand celebration. The band and military would be at the bottom of the parade, and the crowd would be at the top. It is a very good idea, and it is a very good idea.

WATERS'

Men's Spring Suits

The Newest of all.

The more exalted particular a man may be about his dress, the more he will appreciate the advantages he expects from a tailor, then the more these new suits, which we are showing for the first time, will appeal to him.

He will find in them all the style and satisfaction he would in garments that the best tailors could build to his measure, though they cost a little more than half the tailor's price, and the same as he would pay elsewhere for ready-made clothes, that would not prove as satisfactory.

Throughout these splendid garments the tailoring will be found to be faultless; it is of the highest character known and if anything a little more exacting and thorough than is found on the tailor's best production. And of more importance than all, they possess that well-kept air the tailors have a knack of giving to the clothes they turn out.

Needless to say, the styles as they are found here are correct, and are more particular about that than you could be.

Fine suits—the new single and double-breasted styles—of fine Blue and Black Cheviot and Serges, Blends in the latest colorings and overplaid effects. Fancies that are exclusive with us and the tailors—

MR. GANNEY AND HIS MOTIVES.

Carl papers throughout Canada, in-
dividually and collectively, have been
the very first, and most reliable, but de-
cidedly to discredit Gorman, the man
whose efforts and activities in the
investigation, now going on in the
country, make it possible for the public
to get a full and correct view of the
political corruption which it was
heavily implicated in having held up
as a political party, and which, as
political parties, have been so long
in the way of stopping. The fact
very time, the Carl bloodhounds have
been hunting at the heels of Mr.
Gorman. All sorts of accusations have
been brought to him; his private
character has been blemished; he
has been accused of immorality, of
immoral and unbecoming conduct,
and the man, with such apparent
sincerity, who is now so sure to re-
ceive the life for his hand in order to
bring about more government reform,
Ontario, has been treated more like
a convicted felon than a patriot.
Commenting on the matter the inde-
pendent Toronto Telegram has the
following trenchant and pertinent
comment, which should be borne in
mind by every man who wishes to see
justice done:

Everybody hangs on Gorman.
The man who has been in the
middle of it, and who has been
the very first to expose the political
corruption in Ontario, is now being
hunted by the police, and the public
is being told that he is a criminal.
It is well that the journals to report
the political corruption in Ontario,
and that the journals to report the
political corruption in Ontario.

Men's Spring Suits

The Newest of all.

The more amazing and particular a man may be about exclusiveness in fabrics and patterns, even if he insists on the advantages he expects from a tailor, then, the more these new suits, which we are showing for the first time, will appeal to him.

He will find in them all the style and satisfaction he would in garments that the best tailors could build to his measure, though they cost a little more than half the tailor's price and the same as he would pay elsewhere for ready-made clothes, that would be no proof of inferiority.

Throughout these splendid garments the tailoring will be found to be faultless; it is of the highest character known; and if anything a little more existing and thorough than is found on the tailor's best productions. And of more importance than all, they possess that well-learned art the tailors have a knack of giving to the clothes they turn out.

Needless to say, the styles they are found here are correct, these is expected, or that, a perfect fit is assured in every case—we are more particular about that than you could be.

Fine suits—the new single and double-breasted styles—of fine Blue and Black Cheviot and Serges, Black Ingham Fancy Imported Cassimere in the latest colorings and overplaid effects. Fancies that will be exclusive with us and the tailors \$5.00, \$7.50, \$10.00, \$12.00, \$18.00, \$19.00.

Well Trimmed Clothing

The trimming of clothing has much to do with its success or failure in the eyes of careful dressers. The money the manufacturer saves by cheapening the trimming of his clothing is not to the interest of the wearer. The best trimmed ready-made clothing in Canada is Sanford's of Hamilton, which is sold in Belleville exclusively by ourselves. In this, as in all other respects, it is like first class made to measure. But it costs only half as much, and this recommends it to men who want to be economical, as well as fashionably attired.

Times Have Changed

Not many years ago a ready-made suit could be distinguished from one made-to-measure "a mile off." But brains and money can do wonders, and to-day we can show you a suit all ready to put on, at \$10 that would credit to the best merchant tailor in town. It bears the label of the W. R. Sanford Co., whose garments have a reputation the country over for high quality and correct style. No man who desires to dress well at a moderate expense should refuse to consider the claims of "Sanford" clothing.

Says the Hon. Leonard Chamberlain, "My eyes don't lie, but some of the female figures seen at Belleville are so deplorable, to say the least."

ARE DOGLEY ON CURRENT TOPICS
"Isn't it absurd the way people have gone up in price?" said Mr. Hennessey.

"It is that," said Mr. Dogley. "I don't know, if they get much higher, we may have to get out of work in a day on the lot of us."

"I am undecided yet whether I'll buy a coat or get a new suit," said Mr. Dogley. "I don't know, if they get much higher, we may have to get out of work in a day on the lot of us."

streamed the other night the yond was extended to the country, and that the day of stormy weather was over. Think of last January! Some day get to the end of the line in a twinkling. Some day, for all we know, the coast may be reached across the bay bridge, and the island of Bonaville will be able to come to Belleville for the day and go back the same afternoon.

"I wish there was a dinner in the post office," said Mr. Hennessey. "I wish, don't you think the ladies would like to have a dinner?"

"Have you no people about you at all?" said Mr. Dogley. "I don't know, if they get much higher, we may have to get out of work in a day on the lot of us."
